Съдът приема апелация на адвоката на обвиняемия „Леонид Симонов“ и съдят го за изваждането на извънредни съдилища.

The diagram shows a horizontal beam system. A vertical line labeled "Xawmra" (x-axis) is positioned above the beam. The beam has a total length of 1.5M. It is supported by two vertical lines labeled "Cypyñh Aoøa ye" (y-axis) at the ends. A horizontal force vector labeled "Hemethüp Babkkyññach cypyþ, h=20cm" is applied at the center of the beam. The distance from the left support to the center of the force is 0.5M. The distance from the center of the force to the right support is also 0.5M.
