

## Price Schedules – Lot 1

### Preamble

The Price Schedules shall be read in conjunction with Section I, Instructions to Participants, Section II, Data Sheet, Section VI, Requirements and Section VII, Contract Terms and Conditions.

The Participant shall only submit Price Schedule for the Lot or Lots for which it is submitting a proposal.

The quantities given in the Price Schedules are estimated and provisional. The basis of payment will be the actual quantities of work ordered and carried out, as measured by the Contractor and verified by the Engineer and valued at the rates and prices quoted in the priced Price Schedules, where applicable, and otherwise at such rates and prices as the Engineer may fix within the terms and conditions of the Contract.

The Price Schedules do not provide a full description of the works to be performed or the plant, and materials to be supplied under each item. Participants shall be deemed to have read the Requirements and other parts of the Procurement Document and to have reviewed the drawings to ascertain the full scope of the requirements included in each item prior to filling in the rates and prices.

The entered rates and prices shall be deemed to include for the full scope as aforesaid as well as to cover overheads and profit. If Participants are unclear or uncertain as to the scope of any item, they shall seek clarification in accordance with the Procurement Document prior to submitting their proposal.

Items left blank will be deemed to have been included in prices for other items. The total for each schedule and the total of the Summary shall be deemed to be the total price for executing the Works in complete accordance with the Contract, whether or not each individual item has been priced.

The Price Schedules shall explicitly include the line item for managing the ESHS measures as per the Environmental, Social, Health and Safety plans for the Contract. The ESHS costs must cover operations on and off the Site.

Proposal prices shall be quoted in the manner indicated and in the currencies specified in the Procurement Document.

The measurement units in the Price Schedules shall be in accordance with the International System of Units (SI). No other units may be used for measurements, pricing, and evaluation, unless explicitly agreed by the Engineer.

Abbreviations used in the Price Schedules shall be interpreted as follows:

m	metre
m <sup>2</sup>	square metre
m <sup>3</sup>	cubic metre
kg	kilogram
t	ton (1000 kg)
No.	number
